WORK EXPERIENCE

July 2016 – current Group leader at the Max Planck Institute of Colloids and Interfaces, Potsdam, Germany <http://www.mpikg.mpg.de/5785362/innovative-heterogeneous-photocatalysis>

April 2015 – July 2016 Postdoctoral researcher at the Max Planck Institute of Colloids and Interfaces, Potsdam, Germany (scientific advisor Prof. M. Antonietti)

August 2014 – October 2014 Visiting researcher at the University of Helsinki, Finland (scientific advisor Prof. A. Grafov)

September 2013 – October 2013 Visiting researcher at the University of Helsinki, Finland (scientific advisor Prof. A. Grafov)

EDUCATION

October 2012 – October 2015 PhD in organic chemistry at the “Institute of organic chemistry” of the National academy of Science of Ukraine (scientific advisor Prof. A. Kostyuk)

September 2010 – June 2012 M. Sc. in organic chemistry and technology of organic compounds. National Technical University of Ukraine “Kyiv Polytechnic Institute”

September 2006 – July 2010 B. Sc. in organic chemistry and technology of organic compounds. National Technical University of Ukraine “Kyiv Polytechnic Institute”

AWARDS AND CERTIFICATES

January 2015 L. N. Markovski prize for young researchers. Awarded for a series of publications “Phosphine ligands for metallocomplex catalysis” by the National Academy of Science of Ukraine

LANGUAGE

English – working proficiency
German – B1 level
Ukrainian – native
Russian – native
Japanese – basic (can read and write Hiragana and Katakana)
